Art Unit: 2645

1. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in designated DE . It is noted, however, that applicant has not filed a certified copy of the application as required by 35 U.S.C. 119(b).

An incorrect document DE00/1649 was submitted and is of record but the correct document is DE 00 / 1659, this document needs to be submitted.

It is further not clear that the IDS of record belongs to the correct foreign document.

Drawings

2. The drawings are objected to because of the dark shading used in figure 2 which makes the figure unclear. A proposed drawing correction or corrected drawings are required in reply to the Office action . Applicant is required to submit a proposed drawing correction in reply to this Office action. However, formal correction of the noted defect may be deferred until after the examiner has considered the proposed drawing correction. Failure to timely submit the proposed drawing correction will result in the abandonment of the application.

Claim Rejections - 35 USC § 102

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Art Unit: 2645

3. Claims 4-6 are rejected under 35 U.S.C. 102(e) as being clearly anticipated by Wallenius et al. (US2002/0176379 A1).

4. Wallenius clearly teaches the method claimed using a WAP enabled mobile telephone wherein supplementary services are pushed to the terminal for generation of an operational menu used by the called party to select presented supplementary services in as far as such are limited by the claim language presented). See in particular (Abstract; figure 1; Paragraphs [0010-0011]; [0016-0017]; [0034-0035]; [0039-0041]; [0047]; [0062-0064]).

Conclusion

5. The prior art made of record and not relied on is considered pertinent to the claimed invention.
